4. Create a campaign
   - How to Start a New Campaign
5. Upload list into a campaign
   - If you have skip traced a file in Lead Sherpa, you can push the list directly to a Campaign via Skip Trace -> Push to SMS Campaign.
   - If you have skip traced a file from another source, you can add the list via the "Add Prospects" button in the top-right corner of the campaign.

6. Create SMS Templates
   - The quality of templates is the bloodline of success in Lead Sherpa. Taking the time to set up high-quality templates will get you the results you are looking for in the long run.
